

# Storyboard: SalesDesk V1 / Create & Edit Activities

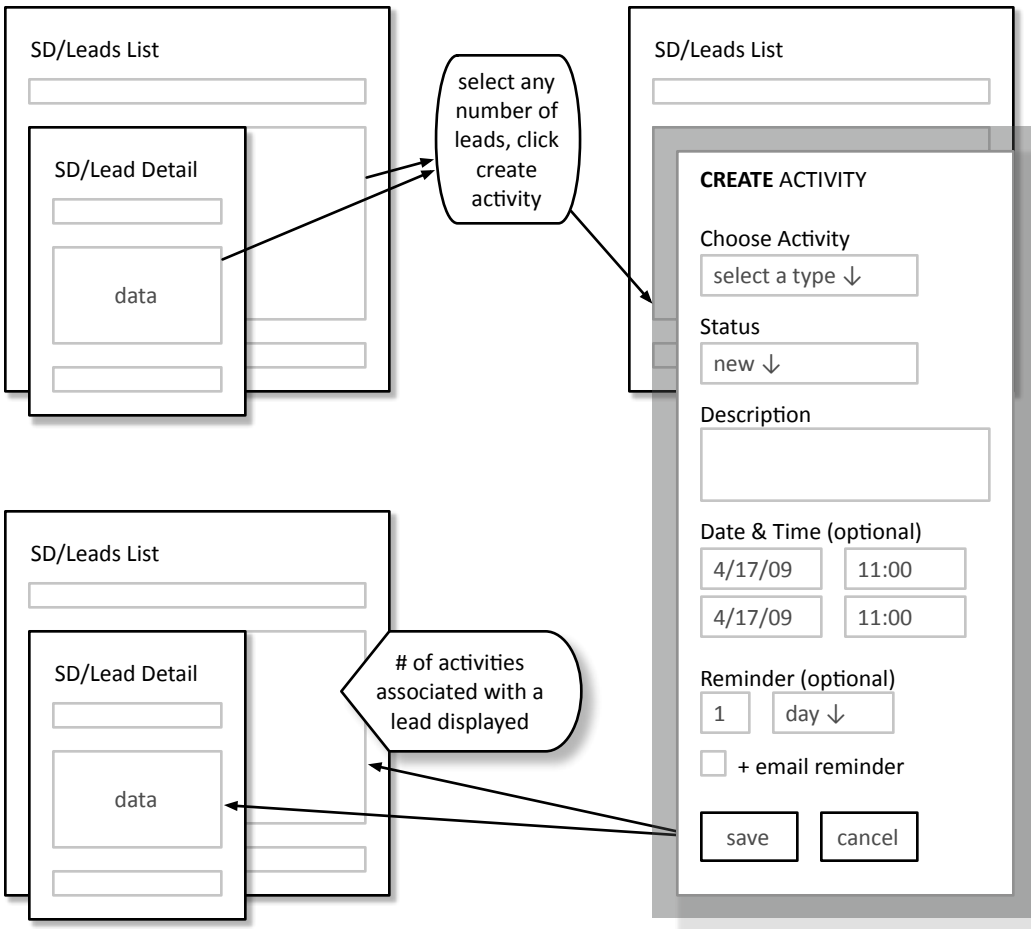

As a user of SalesDesk, I want to be able to create an activity associated with a lead.

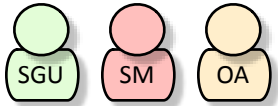

-----

activities must be associated with at least one lead

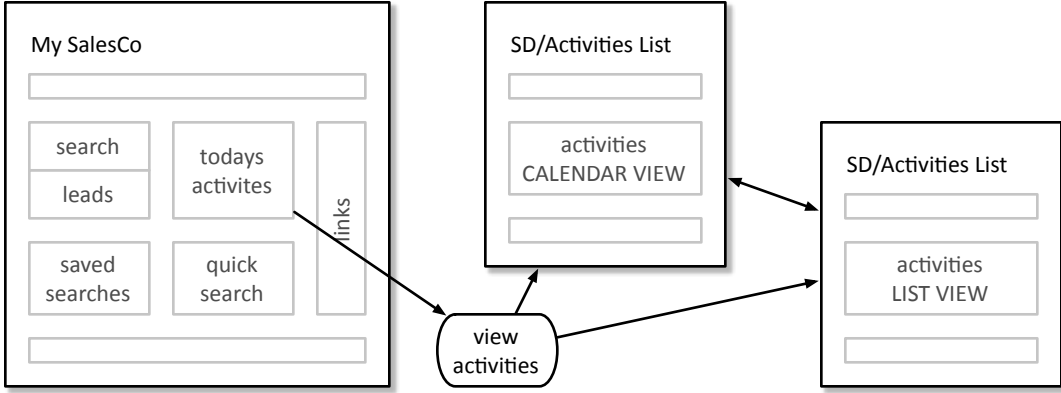

-----

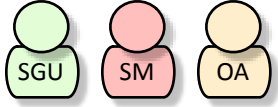

report on the number of activities created (total & by type)

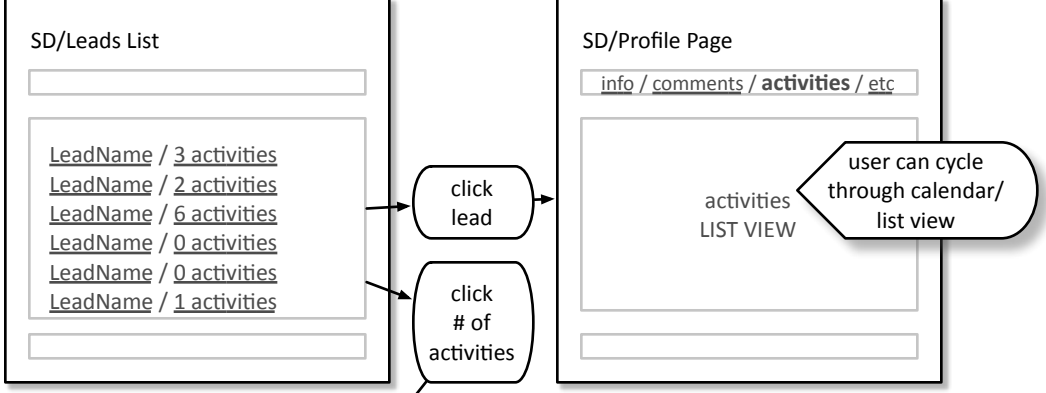

As a user of SalesDesk, I want to be able to view my activities by day, week, month, or list

As a user of SalesDesk, I want to be able to view all the activities associated with a lead

As a user of SalesDesk, I want to be able to update activity associated with a lead.
